Category of stability : C

GALIA 485 CRUISER is a motorboat perfectly suited for inland and coastal sea waters. Its characteristic features include a sliding cabin door, a separate helm console and graphite-tinted Plexiglas windshield mounted in an aluminum frame. The cockpit accommodates three seats with back-rest, of which one may serve as a small table. The boat has specially designed compartments for the battery and the 25 l plastic fuel tank. Thanks to its small dimensions the boat may be easily towed behind a car.
