Galia 515 is the weather deck boat designed for recreation and sport. Thanks to the boat characteristics and good maneuverability resulting of unique hull design one can use the boat for both inland and coastal navigation as well. Solid, sliding fairing made of glass fitted in aluminum frame makes possible easy and safe communication between fore deck and cockpit. Convenient and ergonomic armchairs in cockpit, aft couch and fore seats cause that cruising with the boat is comfortable for the whole crew. The standard equipment of the boat includes electric installation, steering system and also fuel system with suitable access to the fuel tank chamber, what facilitates its service.
