Category of stability : C

Galia 525 is an open deck motorboat for inland and coastal waters. In the middle of the boat there is a central steering console with high coatings of Plexiglas that secures against wind and sprays. Comfortable armchairs for two persons are fitted next to the console. A couch with a backrest is situated in the aft part. There is a place for a battery and a spacious locker for mattresses under the couch. One can install a table between the armchairs and the couch. The aluminum fuel tank under the cockpit make the boat an ideal one for fishing in the sea coastal belt.
