Category of stability : C

Galia 600 Cabin is the cabin motorboat of distinctive, modern and dynamic appearance designed for inland and coastal navigation. There are a lot of practical solutions which influence comfort and safety of navigation as well. One of them is very spacious (as for a boat of that size) cockpit with two convenient armchairs of ergonomic shape and also folding aft couch as well. Anglers especially appreciate folding couch patent, as one gets even more space on deck having the couch folded. Among the aspects making so unique character of the boat one can specify the finishing elements made of wood, as teak handrails or teak floor, which we can choose from ample list of optional equipment. The solid fairing of Plexiglas fitted in aluminum frame and broad half decks make communication between fore deck and cockpit easier. The side pockets for luggage are also very convenient elements that influence the boat functionality in great part. Galia 600 possesses comfortable cabin where two persons can sleep with no problem. Due to its big dimensions even high passengers should feel themselves comfortable there. Besides it is a possibility to install the chemical toilet in the cabin.
